## About Crowe Horwath International

Crowe Horwath International is ranked among the top 10 global accounting networks with more than 140 independent accounting and advisory services firms with nearly 590 offices and 28,000 professionals and staff in more than 100 countries around the world. Crowe Horwath International's member firms are committed to impeccable quality service, highly integrated service delivery processes and a common set of core values that guide our decisions daily. Each firm is well-established as a leader in its national business community and is staffed by nationals, thereby providing a knowledge of local laws and customs which is important to clients undertaking new ventures or expanding into other countries. Crowe Horwath International member firms are known for their personal service to privately and publicly held businesses in all sectors and have built an international reputation in the areas of audit, tax and advisory services.

**International Strength.** Key regions have been established and are respectively coordinated by Regional Executives as follows: Europe, Middle East, and Africa.

**Services.** Crowe Horwath International provides services such as: Assurance, Business Services, Consulting, Corporate Finance, Risk Consulting, Specialty Services, Technology and Tax.

Recent news of accounting scandals and corporate fraud has collapsed investor and stakeholder confidence, weakened the economy and distracted corporate leaders. The assurance professionals of Crowe Horwath member firms are dedicated to helping clients protect the interests of their shareholders and eliminating conflict of interest issues.

The proprietary processes and technology systems help clients and audit committees manage their increased responsibility, by streamlining their audit process and enhancing communications.

### **Audit of Financial Services Industry**

**Service Overview.** The proprietary processes and technology systems of Crowe Horwath International member firms help clients and audit committees manage their increased responsibility, streamlining the audit process and enhancing communication. Every opinion audit provided must pass a stringent, independent technical review process to ensure its accuracy and unbiased reporting.
